Will your unit have music? (describe)

The Metropolitan St. Louis Police Department demands our marchers be easily identifiable during the event. Each participant must wear a commemorative button, designed by us, at the cost of \$1 per button.

The entry fee for participating in our parade is \$100. This is applied to help cover costs incurred presenting the event. Do not send money at this time! This application is for future consideration only!

We will add qualified applicants to our waiting list and notify them if there is a position available in the future. Costs for future parades may change.
